PACKAGING PERSONALITY

**Elwood**  
Packaging, Inc.

*pop*  
displays

#### **SELL YOUR PRODUCT.**

Elwood's Point of Purchase (POP) Displays put your product in the spotlight. Our sales engineers and structural designers can convert your ideas into finished, workable displays that get attention. With our production capabilities, we are able to construct any size, shape, and color imaginable. Choose from floor stand displays, counter displays, shipper displays, ballot boxes, or literature pockets. With Elwood's POP Displays, your product will get noticed.

#### **STAND OUT FROM THE COMPETITION.**

Present your products and promotional materials in style using Elwood's Custom capabilities. Our packaging solutions make a bold statement with 7-color offset printing, 4-color direct printing, foil stamping or screen printing. Looking for odd sized or strangely shaped items? Give us a call. Looking for a brushed metal look, exposed flutes or other unique materials? Our experienced sales engineers have the vision and know-how to develop a product to fit your special needs.

#### **LOW VOLUME - HIGH VALUE.**

Our stock displays and ballot boxes are a cost effective way to merchandise your product. Easy to assemble self locking construction means no tape, glue or staples are required and assembly instructions are provided with each display. There are currently 16 displays to choose from with minimum orders as low as 1 as well as an ever-growing list of in-stock tooling covering many additional sizes and styles.

#### **QUICK, COST-EFFECTIVE SOLUTIONS.**

With hundreds of boxes in over 20 different styles, Elwood will take care of all your stock needs. Our stock products ship and store flat, saving valuable storage space and transportation costs. All of our stock products are super strong and assemble in seconds. Orders ship on the average of 48 hours or less — giving you quick, cost-effective stock packaging solutions.
